Dear Sir:

I have known Anthony Tobin for two years, and he completed his Masters of Music Degree in Piano Performance with me at The University of Southern California (U.S.C.)

He is a sensitive, and colorful pianist, and has a keen insight into music and its related areas. In addition this past academic year, he was an assistant in my class, and all my students (both undergraduate, and graduate) thoroughly enjoyed their work with him. Tony has had a two year teaching assistantship in the Piano Pedagogy area. He is very out-going and intelligent - qualities that show in his performance and teaching. He is most aware of the music history background, theory & analysis, style and interpretation, chamber music and accompanying.

I would strongly recommend him in any capacity, as he pursues his musical career. He was a delight to have in my class!

Most Sincerely,

Prof. of Piano - U.S.C.

Daniel Pollack.
